

Index to the Amherst College Biographical Record 1821-1921

This is an index to the Amherst College Biographical Record, Centennial Edition, which contains biographical information about members of the Amherst College classes of 1822 through 1921, plus a list of members of the classes of 1922 through 1925. (An "n" before the student's class year in the index means that that student did not graduate from Amherst.)

To obtain biographical information about someone in the index, you should consult a copy of the Biographical Record. You can probably purchase a copy of the book at www.abebooks.com or on eBay.

For more information about the Biographical Record, please consult the Frequently Asked Questions list on my website, at
